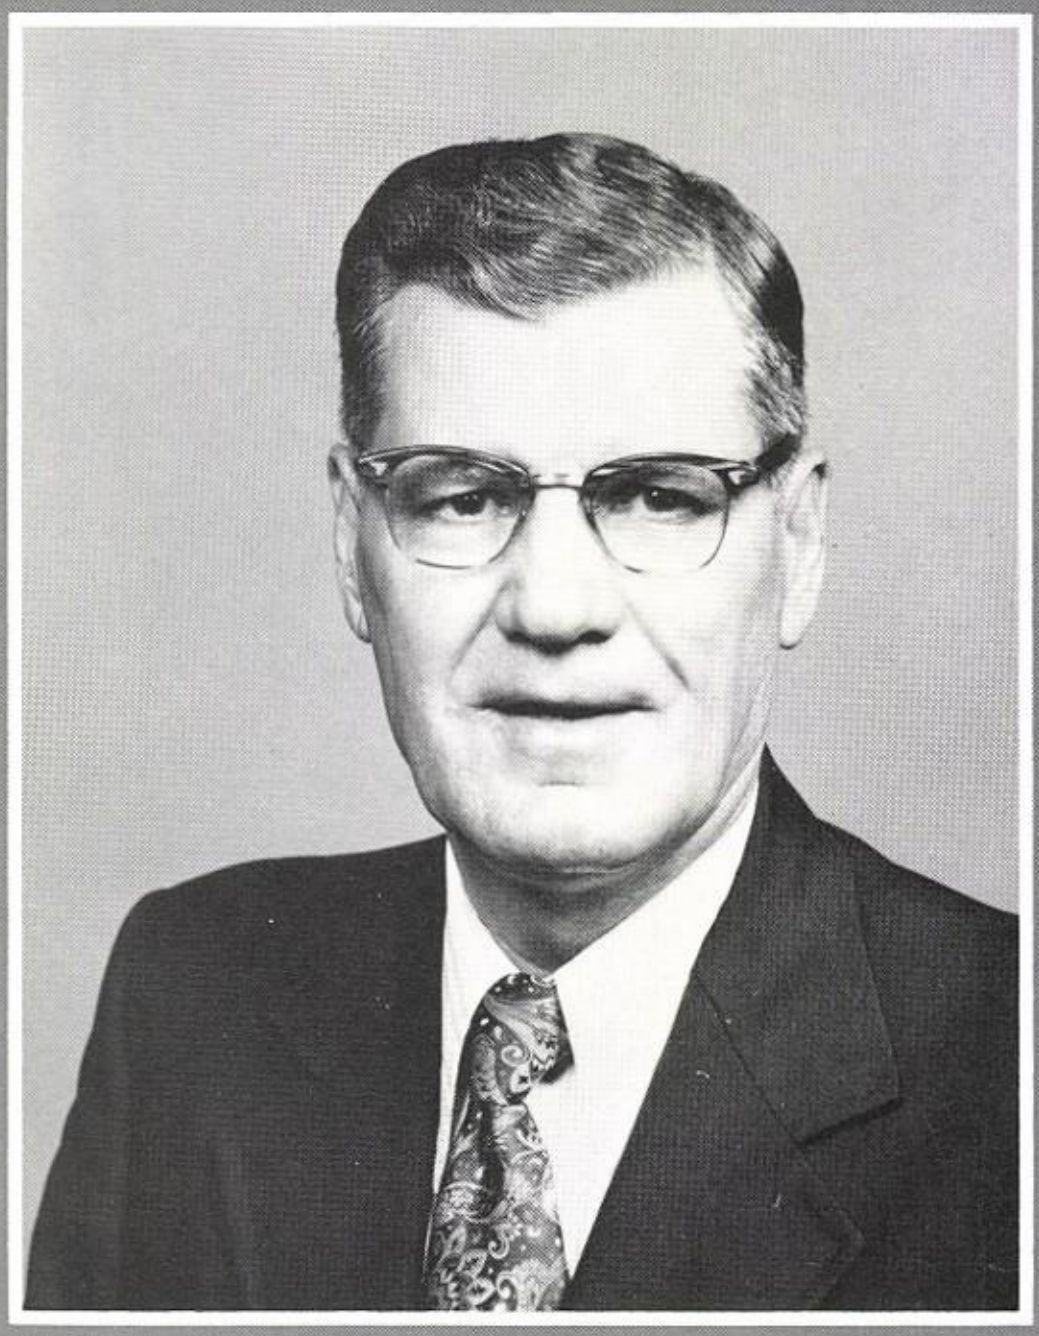
Superintendent Leonard Yarborough

I take this opportunity to congratulate the Yearbook Staff and Sponsor. Much work has been done to complete this Yearbook for 1972-73. Not every student has the opportunity or the capabilities to complete such a fine book. It takes a lot of self-determination and self-discipline to achieve this accomplishment.

Schools and parents should try to develop as many responsibilities in a student as they will accept. Our School, Community, and You will profit from this Yearbook.

To each of you it is my wish that you can and will use these experiences for a richer and better life.

Leonard Yarborough



Sr. High Principal Jim Potts

I wish to express my appreciation to the student body, teachers, and parents for making this the best year for me at Locust Grove High.

As principal of any high school in this day and time, there are many problems. It is a challenge, and sometimes a pleasure, to work with these problems. It is always helpful to know, when problems arise, that you have a school board, superintendent, teachers, parents, and a wonderful student body that will lend a helping hand.

Jim Potts

The story is told of Antar, an Arabian poet, who was traveling through the desert. The sun became extremely hot and Antar was over-come by thirst. With extreme difficulty, he dragged himself to an oasis where he found a deep well. Frantically he lowered the bucket but found, to his dismay, that the rope was not long enough to reach the bottom of the well. In despair, he was about to fling himself upon the earth to die; so near, and yet so far from the means of salvation, when he noticed a cloud of dust stirred up by an approaching rider. At last the horseman came near and quickly discovered the plight of the poet.

"I see you need a longer rope to draw water from this well. My rope is not long enough either," said the stranger, "but if we tie your rope and mine together, then you can quench your thirst."

My friend, neither the school, nor the home can accomplish the job of education alone. But if we tie our resources together and work as partners, we can bring our children the life saving waters of knowledge.

Oscar Reed, Grade School Principal

Mr. Oscar Reed is retiring after 43 years of teaching. Of these years, 31 were spent in the Locust Grove school system--16 years as principal.

During these years, Mr. Reed has gained the respect and admiration of the student body. We wish to recognize his efforts and to express our appreciation for all that he has contributed to the school and the community by dedicating this book to him.

Sincerely,

The 1972-73 Annual Staff

Home Victory Against Stilwell Records

The Pirates come to the bench during a "time out" during the Berryhill Tournament. The girls won the consolation trophy after a frustrating loss to Bixby.

After the disappointing tournament at Berryhill, the Pirates soon regained their spirit and went into the Bixby Tourney with a 10-1 record.

They defeated Jenks to go into the Semi-Finals with Bixby who was not prepared for the fired up play of the Pirates. L. G. dominated the game in outstanding rebounding from the defensive trio of Connie Watkins, Pam Neal, and Bea Davis; Offense was nearly flawless as the girls played one of the better games that far into the season.

In the finals the Pirates lost to Berryhill in an exciting game which went into an overtime. Again, Dianna Hanna and Connie Watkins were named to the All-Tournament Team, the only team to place two girls on that squad.

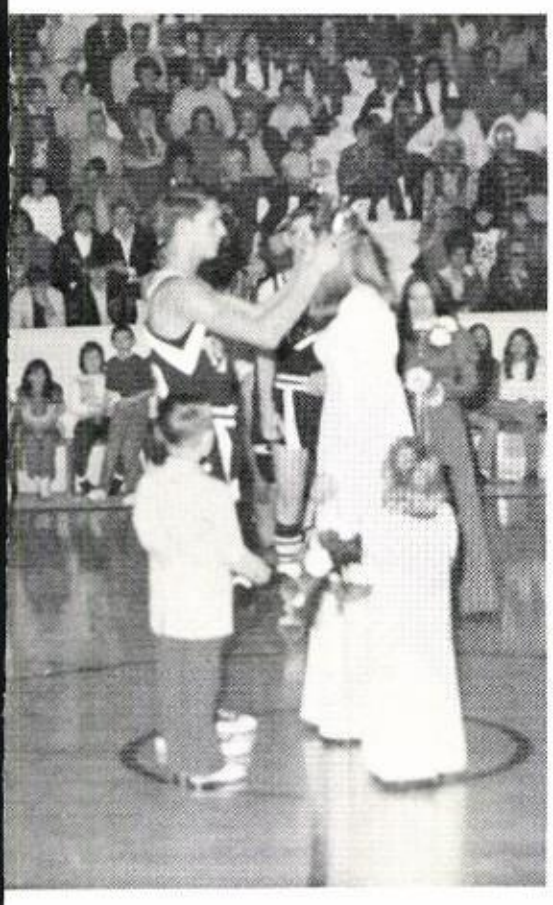
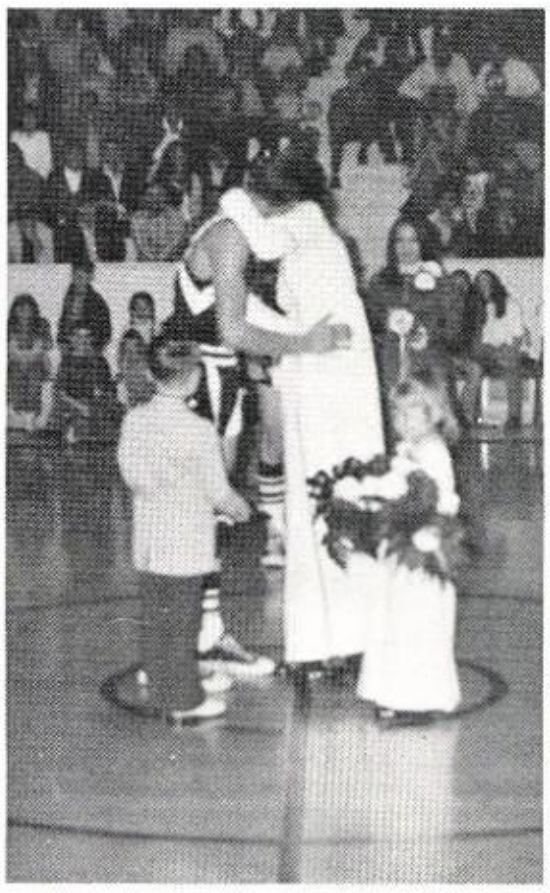
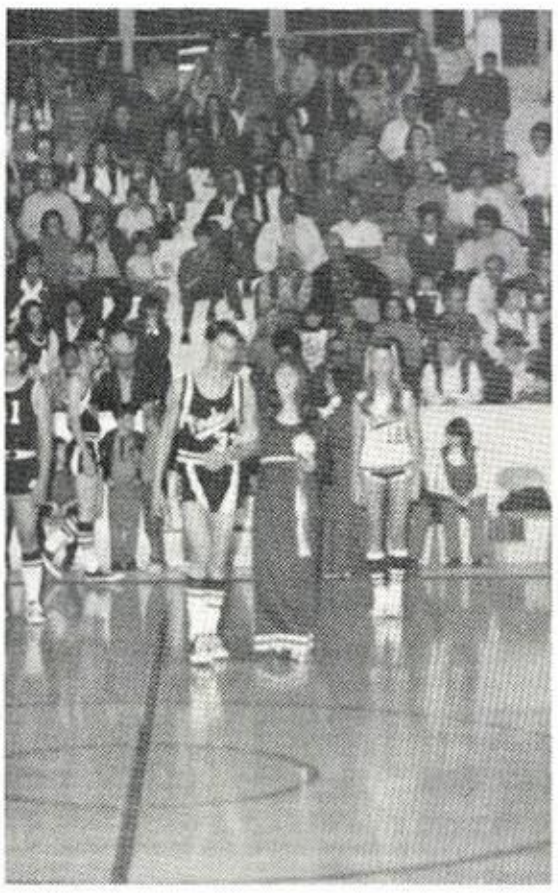
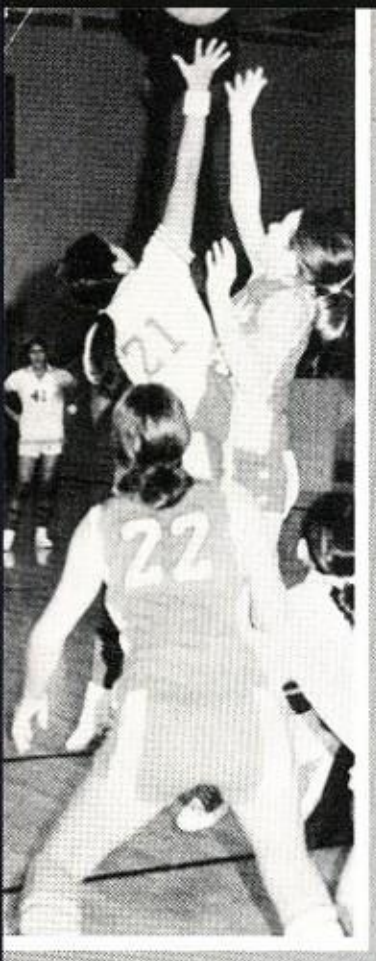
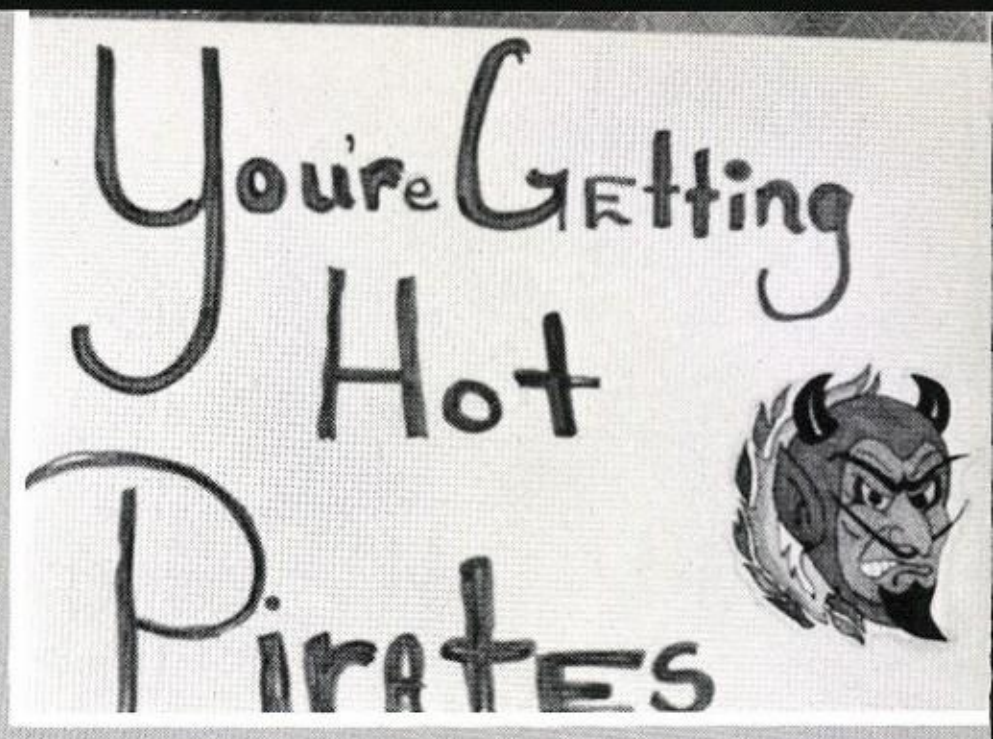
Homecoming 1973











If you think you're beaten, you are.
If you think you dare not, you don't.

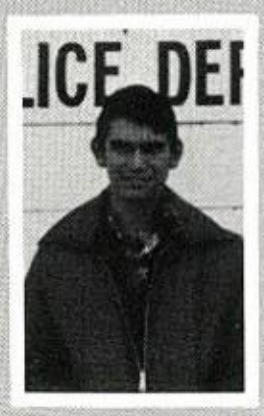
If you'd like to win, but you think you can't,
It's almost a cinch you won't.

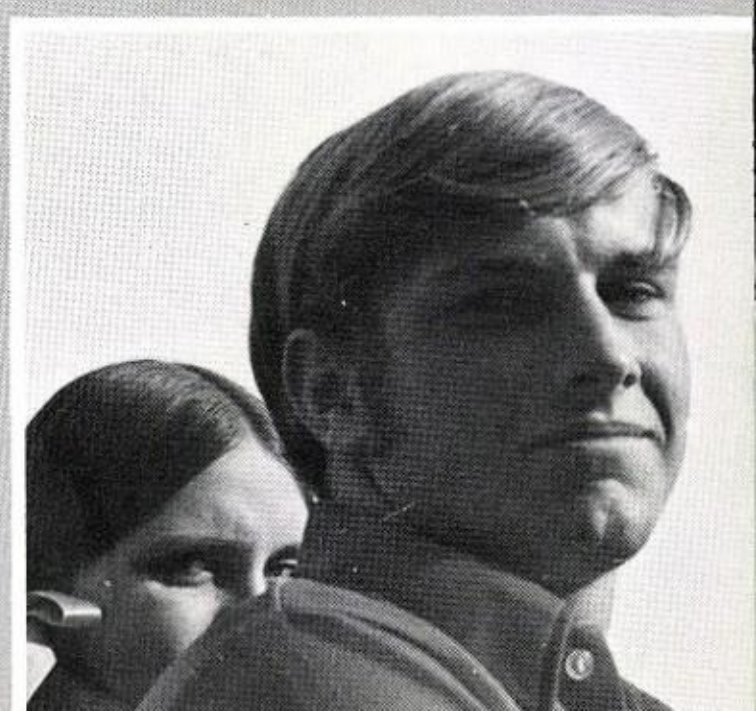
If you think you'll lose, you're lost.
For out in the world you find,

Success begins with a fellow's will:
It's all in the state of mind.

Full many a race is lost
Ere ever a step is run.

And many a coward fails,
Ere ever his work's begun.





Think big, and your deeds will grow,
Think small and you'll fall behind.

Think you can and you will.
It's all in the state of mind.

If you think you're outclassed, you are.
You've got to think high to rise.

You've got to be sure of yourself
Before you can ever win a prize.

Life's battles don't always go
To the stronger or faster man,

But sooner or later the team that wins...
...Is the team that thinks they can.

Miss Glinna Walker

Has

"Just What It Takes"

We, the Annual Staff, feel we owe much gratitude and a lot of appreciation to Miss Walker. She has helped us overcome many obstacles in our last year at LGHS. We wish to express our feelings by setting aside this special page.

MISS GLINNA WALKER-- a teacher of Typing II, General Business, Business Machines, Shorthand and sponsor of the 73 Treasure Chest.

This being her first year at LG, she had to get accustomed to the routine at school. And she learned fast--very fast!

People do not realize how much work is put into an annual. Miss Walker has done most of the work in this year's yearbook. Without her, we would have been at a complete standstill.

And, as we said before, Miss Glinna Walker has . . .

"JUST WHAT IT TAKES"
